MISSION

The mission of Southampton County Public Schools through the combined efforts of staff, students, families, and the community is to ensure a quality education in a safe environment that will prepare students to be successful learners and productive citizens in an ever-changing society.

SUPERINTENDENT'S MESSAGE

Dear Southampton County Parents, Students, and Community Members:

I am delighted to welcome you back to Southampton County Public School Division for the 2022-2023 school year! The upcoming school year promises new and revitalized opportunities for Southampton County Public School Division students, ranging from continuing computer science immersion experiences in the elementary and middle grades to new course offerings and career/technical opportunities at the high school level.

Southampton High School will feature a range of new course offerings in the arena of career and technical education, to include Technical Drawing, Agricultural Structural Systems, and an Unmanned Aircraft Systems course offered through VDOE that will prepare students to pass the FAA Part 107 drone pilot's exam. The Teachers for Tomorrow Program will be taught at Southampton High School and is slated to assist in addressing the teacher shortage in our region beginning with the class of 2025 by offering a pathway towards opportunities in education. In addition, a foundational Scientific Research and Design course will now be among the course offerings. We continue to partner with Camp Community College to offer a variety of dual enrollment and workforce-oriented courses. We plan to offer Medical Assistant Training, Medical Terminology, Horticulture, Entrepreneurship and Introduction to Health and Medical Sciences. Last year, the after school Pharmacy Technician program was a huge success and we plan to continue that program for our students this school year. Some of our former Pharmacy Technician students are working at the local pharmacies demonstrating the skills acquired through the Pharmacy Technician program. Southampton High School is creating a swim club expanding our partnership with the YMCA in addition to them providing swimming lessons for our fourth grade students.

Southampton Middle School is preparing to offer a new career and technical education course. The new course Introduction to Plant Sciences, as a preparatory course for the sequence of horticultural and agricultural course offerings provided at Southampton High School. In addition, Southampton Middle School welcomes a triad of principals in an innovative leadership structure designed to provide crucial support to the students in our middle grades.

At the elementary level, division wide 4th and 5th graders will again have the opportunity to participate in band classes. This program is being revived after a multi-year hiatus due to the pandemic. In addition, all K-5 students will continue to be provided immersive computer science experiences through the district's partnership with Code to the Future. Happily, due to student enrollment, an additional pre-K class is being added to one of our elementary schools.

Critical personnel changes have occurred throughout the division. Some of our wonderful teachers will impact student learning from new school and division level roles such as Early Intervention Reading Initiative Specialist, Reading Specialist, and Visiting Teacher/Intake Officer.

Please find below a list of go-to information for new and returning students.

I encourage parents to connect with us on Facebook, through our school Remind accounts, and through the Let's Talk communication service on our websites: www.southampton.k12.va.us. Parents can also register for the EduLog bus-tracking app to keep track of their student's bus in real time as it travels throughout the county.

Thank you for the opportunity to positively impact our students, teachers, and community. I look forward to a productive, successful, and engaging school year.

Children First,

Gwendolyn P. Shannon

SCHOOL POLICIES AND PROCEDURES

ASSEMBLIES

Assemblies are an extension of the learning experience offered by Southampton County Public Schools. Whether or not guests are present, students are responsible for the impressions they make of themselves and the overall school community. As an indication of the cultural maturity and appreciation of the student body during assemblies, it is expected that all students will be on their best behavior, at all times. While students are expected to be engaged and involved in assemblies and presentational events, unacceptable behaviors and conduct will not be tolerated. Intentionally disruptive behaviors may include, but are not limited to boisterous, excessive, unnecessary, and unruly conduct such as whistling, clapping, talking during a program or engaging in a manner that impacts the learning of others.

ATTENDANCE

Daily attendance is very important for student performance and academic success. All students must be in attendance for 182 days for the given school year. Regular attendance at school is an important part of every student's success and is necessary in order to gain the greatest benefit from the educational experience. Students who are frequently absent from school miss direct instruction and regular contact with their teachers. A student who misses 10% of the school year, 18 days, is chronically absent as defined by the Virginia Department of Education. Chronic absenteeism is a category that adversely affects a school's accreditation rating. If for any reason a pupil is absent for 15 consecutive days, on the 16th day the pupil will be withdrawn from school.

However, students who have an illness or legitimate reason for not being in school are required to bring a medical note indicating clearance to return to school or a note from the parents or guardians upon re-entry of the student stating the reason for their absence. When a pupil returns to school, they will be re-entered. If a student is absent repeatedly or for long periods of time, they may not benefit from the instruction presented. The student that has been determined to be increasingly far behind in their work because of absences risks the possibility of not being promoted to the next grade level or course sequence.

The instructional school day begins at 8:45 a.m. Please refer to your individual school procedures as drop-off times may vary among the different elementary schools. Students will be dismissed from school at 3:45 p.m.

BEFORE AND AFTER SCHOOL CARE

All Southampton County Elementary Schools offer Before and After Care Services for students in attendance. Before school program hours are between 7:00 a.m. and 8:30 a.m. After school program hours are between 3:45 p.m. and 5:30 pm Programs are held daily Mondays through Fridays except on **early dismissal, inclement weather days and delays, and holidays** when the program will not be in session. Student participants must be registered through the school office. Unless otherwise instructed, only students who are enrolled in this program are allowed to remain in the building after 3:45 p.m. Students who have not been picked up from school by 4:00 pm will be placed in after-school care and charged the appropriate fee. Should parents have questions about Before and After Care Services at any Southampton County Elementary School, please contact the school's main office directly for more information.

BEHAVIOR EXPECTATION

If you need more information concerning school behavior, please refer to the Elementary School Student Conduct Code Section.

BULLYING

Code of Virginia: §22.1-276.01

Defining Bullying Behavior

Every school division policy should include a definition of bullying, which, at a minimum, is consistent to that adopted by Virginia's 2013 General Assembly (§ 22.1-276.01 the Code of Virginia):

"Bullying means any aggressive and unwanted behavior that is intended to harm, intimidate, or humiliate the victim; involves a real or perceived power imbalance between the aggressor or aggressors and victim; and is repeated over time or causes severe emotional trauma. 'Bullying' includes cyber bullying. 'Bullying' does not include ordinary teasing, horseplay, argument, or peer conflict."

Students, either individually or as part of a group, shall not harass, intimidate or bully others. The following conduct is illustrative of bullying;

- Physical intimidation, taunting, name calling, and insults
- Comments regarding the race, gender, religion, physical abilities or characteristics of associates of the targeted person
- Falsifying statements about other persons

Consequences will be aligned with the Southampton County Public Schools Code of Conduct.

CAFETERIA

All students will receive free breakfast and lunch for the 2022-2023 school year. Meal choices and selections are continuously updated. There are several choices available for students, which provides a balanced and nutritional meal with alternatives.

CELLULAR/ELECTRONIC DEVICE POLICY

Southampton County Schools assumes no responsibility for theft, loss, or damage of any electronic device brought to school. Students who elect to bring these devices to school, do so at their own risk.

Students may have "silenced" (turned off or muted) cellular phones ("devices" or "personal devices") on their person during the school day.

Wearable personal devices that pair with cell phones or have cell phone type communication capabilities (such as smartwatches and fitness trackers) are considered cell phones or personal devices for the purposes and application of this policy.

Schools will use a colored zone system to designate common areas where and when device use is permitted. Teachers will use the same zone system to designate if and when device use is permitted in classrooms. Use of devices not in accordance with this policy may result in confiscation of the device, loss of device possession privileges on school grounds, or other sanctions as noted by the Student Code of Conduct. Use of a device while walking through hallways is prohibited due to safety concerns.

Use of devices in restrooms, clinics, locker rooms, or dressing rooms is strictly prohibited.

Devices may not be used in violation of any Student Code of Conduct, including Computer Acceptable Use, and/or Bullying Policies. Examples of unacceptable usage may include, but are not limited to bullying, cyber bullying, harassment, intimidation, plagiarism, sexting, and or taking pictures or videos without the subject's permission.

Voice, video, and image capture applications may only be used with specific teacher or administrator consent and permission.

School staff or personnel may confiscate personal devices that ring, vibrate excessively, or are used in any manner that is disruptive or otherwise interferes with the educational community or experience of other students.

Cell phone accessories (for example, charging cables, headphones / earbuds, etc.) must be stored at all times except when use is expressly permitted by school staff or personnel.

In accordance with state and federal filtering laws, students may not use a device's cellular data plan while on school grounds. Internet access is allowed via the provided Wi-Fi network only. Students will be required to register their devices to gain access to the school's wireless (Wi-Fi) network. No student shall establish a wireless ad-hoc or peer-to-peer network using any device while on school grounds, including "hotspot" devices or services.

School division personnel may not attempt to repair, correct, troubleshoot, or in any way be responsible for malfunctioning personal hardware or software on student devices.

Students are not allowed to connect personal devices to division owned computers for charging or other purposes.

Frayed or otherwise damaged charging cables are PROHIBITED for use on school grounds.

Contents of cell phones and or devices may be reviewed and searched if there exists a reasonable suspicion that the device may have been used in an activity prohibited by the Student Code of Conduct or school division policies. The school division may contact appropriate law enforcement agencies and provide information concerning the use of the device for suspected and or potential violations of the law.

Use of voice communication and/or video conferencing may be further restricted by the school division if deemed disruptive.

ZONE DEFINITIONS

Red Zone. An area designated as a **Red Zone** indicates that any personal device, as previously defined, is strictly prohibited. When a classroom is designated as a Red Zone, the teacher may ask that all personal devices be placed in a predetermined location, put away out of sight, or out in plain sight. Teachers may also determine if devices should be turned off or can be left on. All restrooms, clinics, locker rooms, and dressing rooms are designated as a Red Zone.

Yellow Zone. An area designated as a **Yellow Zone** indicates that personal devices may be in use in a limited capacity as permitted and directed by school personnel. When a classroom is designated as a Yellow Zone, students are allowed to use devices during instructional time at the direction of the teacher.

Green Zone. An area designated as a **Green Zone** indicates that personal devices may be in use as permitted and directed by school personnel. When classrooms are a Green Zone, students may use their devices for acceptable purposes.

CHILD ABUSE

The law requires teachers, principals, nurses and all other professional people in education to report to the Social Services Department cases of suspected child abuse and or neglect. The purpose of the law is to prevent the abuse and neglect of children rather than to adversely punish those with information that may help a child or family in need. Failure to report potential abuse may result in court action against the educator and possible fine.

CLASSROOM VISITATION

We recognize and value the contributions of parents to the learning experience. We ask that all parents who wish to have a conference with a teacher schedule an appointment in advance. Classroom visitations must be scheduled at least 24 hours in advance and are limited to 1 hour. All visitors that enter the building must report to the main office. Parents are not permitted to walk students to class after the first day of school.

DRESS CODE

Student expression and individuality are recognized. In order to promote an environment that is both reflective of the expectation of excellence, college and careers, and safety and security, students are expected to dress appropriately and safely for all school activities.

The waistbands on pants are to be worn at the waistline. If the principal determines that a student's waistband is hanging too far below the waistline, the parent will be notified to bring either a belt or change of clothing for that student.

- Shorts and skirts are to be at a reasonable length and looseness. If the principal determines that the shorts, skirt or dress of a student is inappropriate, the parent will be notified to bring a change of clothes for the student.
- Flip flops are a safety concern and should not be worn to school. Students may wear sandals with a back strap.
- Tops to all garments worn must be appropriate for a school setting and for age/grade-level. If the principal determines a top to be too revealing (ex: midriff exposed), the parent will be notified to bring a change of clothing.

EMERGENCY INFORMATION AND MEDICATION

Emergency cards are sent home at the beginning of each year to maintain accuracy and updates. In order to ensure that the district has the most current information and to help us maintain accurate and updated contact information in case of emergency, please be certain to promptly complete and return to your child's school immediately. If your information changes during the year, please inform the office as soon as possible.

In case of illness or accident, we must have a working phone number of someone to contact. The district requires an updated and in-service work and home phone number, as well as, an in-service current phone number of an adult relative or friend if we are unable to contact parents or guardians.

A professional nurse is available to your child's school. If your child has an accident or becomes ill during the school day, you will be notified immediately. If your child has long term prescribed medicine to be taken during

the school day, THE MEDICINE MUST BE LABELED AND HELD IN AN APPROPRIATE CONTAINER IN THE HEALTH OFFICE OR AS DESIGNATED.

Students ARE NOT permitted to keep medications on their person. If it becomes necessary for a student to take medication during school hours, a medication request form must be filled out and signed by a treating physician and a parent or guardian. These forms are available in the school office. Any medication prescribed for a student that is to be held at school, must be brought in by the parent along with the completed form or signed prescription from the physician.

All medical files will be secured in the school's health office. Nursing staff will not administer any medication without proper written clearances and review of information. The sharing, borrowing, distributing, manufacturing, or selling of any medication is prohibited.

Nonprescription Medications

Southampton County Public School personnel may give nonprescription medication to students only with the written permission of the parent or guardian. Such permission shall require the name of the medication, the required dosage of the medication, and the time the medication is to be administered. Such medication must be in the original container and delivered to the principal, school nurse, or school division designee by the parent/guardian of the student.

Self-Administration of Medication

Self-administration of any medication with the exception of asthma medication and auto-injectable epinephrine, as indicated, is expressly prohibited for students.

- Written parental permission for self-administration must be on file with the school.
- The medication must be in the original container and appropriately labeled with the
- manufacturer's directions.
- The student's name must be affixed to the container.
- Students must possess on their person only the amount needed for self-administration.

Permission to self-administer non-prescription medication may be revoked if the student violates this policy and the student may be subject to disciplinary action in accordance with the Standards of Student Conduct.

EVALUATION OF STUDENT PROGRESS

The school year is divided into four nine-week reporting quarters. Report cards will be sent home at the end of each nine weeks. Should you desire a conference at any time during the year, please contact the teacher or telephone the office for an appointment that will be mutually convenient for you and the teacher.

FIELD TRIPS

Care is taken in the planning, alignment, and opportunity when considering potential learning opportunities outside of the technical Southampton County schools. Field trips are designed to grant opportunities and experiences students would not be exposed to in Southampton County. Field trips provide students with the opportunity to gain knowledge outside of the classroom. Each field trip must be approved by the principal and the superintendent. In an effort to adequately prepare and plan for learning opportunities outside of school, when available, review the explanation of each trip, including time, location, and potential costs associated with

the event. Field trip plans are often time sensitive, therefore, it is imperative that all permissions and fees are returned immediately. A child may not leave school grounds without expressed written parental consent.

FUNDRAISING

When participating in a school-sponsored fundraiser, students are strongly encouraged NOT to go door-to-door to sell or solicit items.

All fundraising events must have the approval of the sponsor, building principal, and school division superintendent.

GRADING POLICY FOR ALL STUDENTS

It is the responsibility of each teacher to evaluate the academic progress for each student they are assigned to instruct. Teachers will employ an orderly and fair process in reporting student academic progress. The grading scale must be communicated to students and parents at the beginning of the school year. Term grades are calculated on the scale approved by the School Board.

Grade	Range	Regular
A	90-100	A = 4.0
B	80-89	B = 3.0
C	70-79	C = 2.0
D	60-69	D = 1.0
F	Below 60	F = 0

Parents choosing to follow their child's progress in grades 1-12 throughout the year may do so by creating a Parent Portal Account. Procedures and account information may be picked up in the office.

GUIDANCE

The school division shall make guidance and counseling programs related to academic, career, and personal/social counseling available to all students. Purposes and objectives of the program shall reflect the needs of students. All programs and services shall be in compliance with state regulations. Parents have the option of opting their child/children from receiving services from the counselor.

The following guidance and counseling services are available to all students in Southampton County Public Schools:

However, parental consent shall not be required for short duration counseling needed to maintain order and discipline, or for those situations, which may require the immediate attention of the counselor.

B. School guidance counselors shall not use techniques that are inappropriate to the school setting. Examples of these techniques include, but are not limited to, hypnosis, progressive relaxation, and guided imagery and/or visualization, or other psychotherapeutic techniques that are normally employed in medical or clinical settings.

HOMEBOUND INSTRUCTION

HOMEWORK POLICY

Reinforcement assignments are often prescribed as homework to strengthen academic competence and further develop concepts and skills.

- Homework assignments provide a meaningful experience through independent study and practice.
- Assigned homework is not to exceed half ($\frac{1}{2}$) hour for Kindergarten through Second grade, and one hour for Third through Fifth grades, in total.
- Homework is checked for accuracy, discussed, and returned to students the next day.

As a part of our commitment to literacy and learning, it is expected that students will read for twenty (20) minutes per night.

HONOR ROLL AND PRINCIPAL'S LIST

In elementary schools, the Honor Roll and Principal's List will be designated for grades 1-5. Other kinds of recognition for Kindergarten may be established, e.g. Principal's Pride, Wall of Fame. In grades 1-8, Honor Roll will consist of A's and /or B's and Principal's List will consist of all A's.

HOURS OF OPERATION

The student's day begins at 8:45 a.m. and ends at 3:45 p.m. Students should not arrive before 8:30

a.m. without prior permission of the principal (refer to your school's procedures as drop-off times may vary). If a student is tardy, they must report to the office after 8:45 a.m. with a parent or guardian to sign the student in prior to going to the classroom. 2. Students shall resolve conflicts peacefully.
3. Students shall be honest and trustworthy.

ILLNESS

We realize from time to time your child may become ill. Upon return students need to be fever-free, vomit-free, and diarrhea-free for 24- hours without medications before the student returns to school. *In the event that your child has a fever due to a positive case of COVID, please follow current US Center for Disease Control (CDC) guidelines.

We appreciate your assistance and cooperation in promoting a healthy and illness free school environment.

IMMUNIZATION, PHYSICALS, AND PROOF OF BIRTH

No pupil shall be admitted to any Southampton County Public School for the first time unless such pupil shall furnish, prior to admission, a report from a qualified physician or other legal practitioner of a comprehensive physical examination performed no earlier than 12-months prior to the enrollment date.

EXCEPTIONS

Such physical examination shall not be required of any child whose parent or guardian shall object on religious grounds and who shows no visual evidence of sickness-provided that such parent or guardian shall state in writing that, to the best of his/her knowledge, such child is in good health and free from any communicable or contagious disease.

MINIMUM IMMUNIZATION REQUIREMENTS FOR ENTRY INTO SCHOOLS

Upon entry or transfer into a childcare or school setting, documentary proof shall be provided of adequate immunization with the prescribed number of doses of vaccines indicated below, as appropriate for child's age: TDAP- a booster dose of pertussis—containing vaccine (Tdap) is required for students entering the Seventh grade unless the student has had a tetanus-containing vaccine within the last five years or has a medical or religious exemption. There is no grace period for compliance with this requirement because Tdap is a single dose vaccine, not a series. DTaP, DTP, DT, or Td, with a minimum of three doses. A child must have at least one dose of diphtheria, tetanus, pertussis- containing vaccine after the fourth birthday. If the child has received six doses before the fourth birthday, additional doses are contraindicated. DT vaccine is required for children seven years of age and older who do not meet the minimum requirements. As of July 1, 2019, A DTaP booster is required prior to entering the seventh grade.

POLIO- A minimum of three doses of OPV or IPV in any combination. If a child has had only three doses of polio vaccine, one dose must have been administered after the fourth birthday. However, a child who has received four doses before the fourth birthday, is adequately immunized and does not need a dose after the fourth birthday.

HIB- This vaccine is required only for children up to 30 months of age. A complete series consists of either two or three doses (depending on manufacturer) followed by a booster dose at age 12-15 months. However, the number of doses required is governed the child's current age and not the number of prior doses received. Unvaccinated children between the ages of 15 and 30 months are only required to have one dose of vaccine.

HEPATITIS B- A minimum of three doses for all children born on or after January 1, 1994 (with at least four months spacing between the 1st and 3rd doses).

MEASLES, MUMPS, RUBELLA- A minimum of two measles, one mumps, and one rubella. (Most children receive two doses of each because the vaccine is usually given as MMR). First dose must be at age 12 months (365 days) or older. Second dose of measles vaccine does not have to be administered until age 4-6 years (at entry to Kindergarten) but can be administered at any time after the minimum interval between dose one and dose two. The minimum interval is one month (28 days).

VARICELLA- All susceptible children born on or after January 1, 1997, shall be required to have a dose of chickenpox vaccine not earlier than the age of 12 months (365 days).

Hepatitis B for 6th Graders-Beginning July 1, 2001, all children who have not received three doses of hepatitis B vaccine will be required to receive such immunization prior to entering the 6th grade.

The State Health Commissioner has clarified through a memorandum to the Department of Education dated 12/21/01 that a "comprehensive physical" includes (a) a screening for iron- deficiency anemia, or (b) hemoglobin, or (c) a hematocrit and urinalysis. The Virginia Department of Education and the Virginia Department of Health require documentation on the MCH 213D (Preschool Entrance Physical Examination and Immunization Form) of a hemoglobin or hematocrit within the previous 12 months, or documentation of an iron deficiency anemia risk assessment as well as a urinalysis.

Sometimes it may be necessary to close school during the day due to weather, equipment failure, or unforeseen emergencies. On those days it may be impossible for children to call home.

Therefore, we ask that families develop a plan with each child about what to do if there is an unscheduled early school closing.

It is suggested that a set of written directions be prepared and discussed with your child, so they are prepared during an unforeseen emergency school closing. A copy of the plan should be shared with the classroom teacher and potentially the emergency contact person of your choice.

We would like to reiterate the importance of providing the district with the most accurate and updated information for all parents and emergency contact parties at all times.

In the event of school closing due to inclement weather, all schools will be closed in accordance with Southampton County Public School Board policies.

STUDENT CONDUCT

Students in Southampton County Public Schools have both rights and responsibilities, similar to typical members of any community. It is the obligation of the school division to protect these rights and insist upon those responsibilities.

The purpose of this section is to ensure that all students understand their rights and responsibilities, consequences that may result from violations of school rules, and the procedures for addressing such violations. Parents please refer to the Student Code of Conduct for additional information.

STUDENT RIGHTS

A "right" is something that belongs to a person and cannot be taken away by anyone. All students and teachers have the same rights.

1. **YOU HAVE A RIGHT TO BE YOURSELF AT SCHOOL:**
This means you should not be treated unfairly because you are tall or short, a boy or a girl, have blond or black hair, or because it takes you a little longer to get the right answer.
2. **YOU HAVE A RIGHT TO BE RESPECTED AND TREATED WITH KINDNESS AT SCHOOL:**
This means that others should not laugh at you, make fun of you, or hurt your feelings. No one is to embarrass you in front of the class.
3. **YOU HAVE A RIGHT TO LEARN ABOUT YOURSELF AT SCHOOL:**
This means you may talk about your ideas and feelings if it does not take away the rights of others.
4. **YOU HAVE A RIGHT TO BE SAFE AT SCHOOL:**
This means no one should make you afraid to come to school. They should not hurt you or threaten to hurt you.
5. **YOU HAVE A RIGHT TO TELL YOUR SIDE OF A PROBLEM BEFORE ANYTHING HAPPENS:**
This means that you will not be punished for breaking a rule or taking someone else's rights away without a chance to tell your side of the story.

STUDENT RESPONSIBILITIES

WHAT ARE RESPONSIBILITIES?

The things people should do without being told to do are called responsibilities. Here are your important responsibilities:

1. **DO NOT KEEP OTHERS FROM LEARNING:**
Parents send their children to school to learn. If you keep others from learning you have taken something from other students.
2. **COME TO SCHOOL UNLESS YOU ARE SICK:**
In Virginia there is a law which says you must go to school unless you are sick. The reason for this law is to be sure that all children have a chance to receive an education.
3. **BE ON TIME FOR SCHOOL AND CLASSES:**
If you are late for school in the morning you miss things you need to know.
4. **FINISH YOUR SCHOOL WORK**
Learning to read or do math is like learning to play the piano or ride a bicycle. If you don't practice, you will never be very good at it. Some things have to be done over and over before they are learned. You have to keep trying even if it's hard.
5. **TAKE CARE OF SCHOOL PROPERTY:**
The parents of every child in school have helped to pay for everything in your school. The buildings, the books, everything belongs to all the people in Southampton County. This means you are sharing the things you are using at school. If something belongs to everyone, everyone must help take care of it.
6. **HELP MAKE SCHOOL A GOOD PLACE TO BE:**
A school is a place where good things happen to people. They make new friends, they are treated with respect, and they learn things which will help them the rest of their lives. It is one of your responsibilities to help make our school a great place for everyone.
7. **SCHOOL CORRESPONDENCE TO PARENTS REACHES HOME:**

Education requires a partnership between the parent(s)/guardian(s) and the school. For a partnership to work, everyone must know what is happening in order to make good decisions.

Listed below are some of the important rules everyone needs to know. It is also important to know what happens if the rules are broken. APPENDIX B: CODE OF CONDUCT

AUTHORITY AND DUTIES OF SCHOOL BOARDS

Standards of Quality

Section 22.1-253.13:7.D.3. of the Code of Virginia (part of the section of the Code known as the Standards of Quality) requires local school boards to maintain and follow an up-to-date policy manual that includes "standards of student conduct and attendance and enforcement procedures designed to provide that public education be conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights." Local school boards must give consideration to the views of teachers, parents, and other concerned citizens in the development of policies.

School Board Regulations

Section 22.1-78. of the Code authorizes local school boards to adopt bylaws and regulations "for its own government, for the management of its official business and for the supervision of schools, including but not limited to the proper discipline of students, including their conduct going to and returning from school."

Section 22.1-279.6.B. of the Code requires local school boards to adopt and revise regulations on codes of student conduct that are consistent with, but may be more stringent than, the guidelines of the Virginia Board of Education. School boards are required to include procedures for suspension, expulsion, and exclusion decisions, to biennially review student conduct code guidelines, and to include prohibitions against hazing and profane or obscene language or conduct. School boards are authorized to regulate certain communications devices and, at their discretion, require or encourage drug testing.

Section 22.1-279.9. of the Code requires school boards, in cooperation with the local law enforcement agencies, juvenile and domestic relations court judges and personnel, parents, and the community at large, to develop programs to prevent violence and crime on school property and at school-sponsored events.

Removal, Suspension and Expulsion of Pupils

Section 22.1-276.2. of the Code gives teachers initial authority to remove a student from a class for disruptive behavior and requires all school boards to establish the criteria for teachers to remove disruptive students, requirements for reporting incidents of disruptive behavior, procedures for written notification to a student and

the student's parents, guidelines for alternative assignment and instruction of such students, and procedures for the return of students to class and teacher participation in the decision.

Section 22.1-277. of the Code authorizes the suspension or expulsion of pupils "for sufficient cause," including acts off school property when the acts lead to an adjudication of delinquency, a conviction of certain offenses, or a charge that would be a felony if committed by an adult.

Authorization for short-term suspensions (10 school days or less) and procedures for suspension and for readmission are set forth in § 22.1-277.04. of the Code.

Authorization for long-term suspensions (more than 10 school days but less than 365 calendar days) and procedures for suspension and for readmission are set forth in §22.1-277.05. of the Code.

Authorization for expulsion and procedures for expulsion and for readmission are set forth in § 22.1-277.06. Recommendations for expulsion for other than weapons and drug offenses are required to be based on consideration of factors specified in the Code, including the nature and seriousness of the violation and the student's disciplinary history.

Section 22.1-277.07. of the Code requires school boards to expel students who bring a firearm or other destructive device (defined in the Section) onto school property or to a school-sponsored event in violation of the Gun-Free Schools Act of 1994. School boards are authorized to consider factors listed in § 22.1-277.06. in determining "special circumstances" in particular cases that would justify another disciplinary action.

Section 22.1-277.08. of the Code requires school boards to expel students who bring a controlled substance, imitation controlled substance, or marijuana onto school property or to a school- sponsored event. School boards are authorized to consider factors listed in § 22.1- 277.06. in determining "special circumstances" in particular cases that would justify another disciplinary action.

Alternative Education Program

Section 22.1-277.2:1. of the Code authorizes school boards to require any student to attend an alternative education program under prescribed circumstances. Procedures to be followed when requiring an alternative education program are also prescribed. It should be noted that alternative education programs are authorized but not required by the Code to be established.

School boards may require any student who has been found in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

LEGAL RESPONSIBILITIES OF OTHERS

Role of the Principal and School Administration

The Virginia Standards of Accreditation (2000), Section 8 VAC 20-131-210.A., states that the principal "is recognized as the instructional leader of the school and is responsible for effective school management that promotes positive student achievement, a safe and secure environment in which to teach and learn, and efficient use of resources." Section B.2. specifies that the principal shall "ensure that the school division's student code of conduct is enforced and seek to maintain a safe and secure school environment." Section 8 VAC 20-131-260.C.3., requires a school administration to ensure "a written procedure, in accordance with guidelines established by the local board, for responding to violent, disruptive or illegal activities by students on school property or during a school-sponsored activity."

Parental Responsibility

Section 22.1-279.3. of the Code of Virginia sets forth the duty of each parent of a student enrolled in a public school to assist the school in enforcing the standards of student conduct and compulsory school attendance. Procedures are set forth for notifying parents of their responsibilities, documenting the notification, and taking steps against parents for willful and unreasonable refusal to participate in efforts to improve their child's

behavior or school attendance. Each parent of a student must sign a statement acknowledging the receipt of the school board's standards of student conduct and return it to the school.

Reports to Law Enforcement Agencies

Section 22.1-279.3:1.A. of the Code of Virginia lists certain offenses that school officials are required to report to local law-enforcement agencies. Additional information about this requirement and a list of reportable offenses are in these guidelines.

STATEMENT OF PURPOSE AND INTENT

The development, implementation, and enforcement of the Student Conduct Policy is intended to ensure a safe, non-disruptive environment for effective teaching and learning. To that end, this policy sets forth those standards of behavior believed to be appropriate in the learning environment and informs all students, their parents, and the larger community of the consequences for violations of this policy.

STATEMENT OF PHILOSOPHY

It is the School Board's legal responsibility to provide fair access to an education for every child, and it is their responsibility to seek to ensure respect for the dignity of each child. A learning environment that encourages the healthy growth and development of each individual must be free from conflict, threats of conflict or danger, and undue disruption. To that end, this code of conduct seeks to direct student behavior based on clearly defined expectations, responsibilities, and consequences.

STATEMENT OF POLICY

For purposes of this document, policy includes general guidelines that focus attention on a certain issue, in this case, student conduct. This school division, directed and supported by School Board authority, intends that all students have the opportunity to be educated in a safe, secure environment that is conducive to learning.

ROLES AND RESPONSIBILITIES

School Board members, school personnel, parents, and students share the responsibility to create and maintain a school environment that is safe and conducive to learning. It is the responsibility of the School Board to adopt policies and regulations. The superintendent has responsibility to issue standards of student conduct including a list of corrective disciplinary actions for violation of the standards. The school principal has the responsibility to enforce the student conduct standards using reasonable judgment. Each parent has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance. Students are expected to attend school regularly and to demonstrate good citizenship; enjoying the rights and fulfilling responsibilities set forth in the student conduct standards.

STUDENT REMOVAL FROM CLASS

Teachers shall have the initial authority to remove a student from a class for disruptive behavior that interrupts or obstructs the learning environment, using the following criteria:

1. The removal of the student is necessary to restore a learning environment free from interruptions or obstructions caused by the student’s behavior.
2. The removal of the student occurs only after teacher or administrative interventions have failed to end the disruptive behavior. However, nothing shall preclude the immediate removal of a student for behavior that might warrant suspension from school.
3. The removal of a student is an appropriate response to student behavior that is a violation of the rules of conduct.
4. Written notice of the student’s behavior and removal from class is given to the parent by the teacher.

SHORT-TERM SUSPENSIONS

A student may be suspended out-of-school for violations of the Code of Conduct. For out-of- school suspensions of 10 days or less, the school administrator shall inform the student of the specific violation and provide the

student with opportunities to respond to the charges. The student may present the student's version of what occurred. When the school suspends a student, the school shall 1) notify the student of the right to appeal; 2) make a reasonable effort to notify the student's parent of the suspension, inform the parent that a copy of the rules governing suspensions and the procedures for appeal are being sent home with the student, and make arrangements for the student's return home; and 3) send written notification to the parent informing the parent of the suspension, of its reason, the length of the suspension, the right to appeal, the student's right to return to school, and any conditions for that return.

LONG-TERM SUSPENSIONS

A student may be suspended for more than 10 days following a hearing before the superintendent or the superintendent's designee. For certain offenses, a student may be suspended for the remainder of the semester or the school year. The superintendent may confirm or disapprove the suspension of a student. The student and/or his parent/guardian may appeal the discipline decision of the superintendent to a three-member board committee. If the decision of the three-member committee to uphold the suspension is unanimous, there is no further right of appeal. If, however, the decision of the committee is not unanimous, the student and parent/guardian may appeal the decision to the full board. When a student is placed on long-term suspension, written notice of the suspension shall be sent in accordance with State Code §22.1-277.05.

EXPULSIONS

A student may be expelled only by action of the School Board or a disciplinary committee of the School Board based on the recommendation of the principal and the superintendent.

In the case of a recommendation for expulsion by the principal, the Superintendent or her designee shall conduct a review of the recommendation. The review shall take into account the following factors:

1. The nature and seriousness of the violation
2. The degree of danger to the school and community
3. The student's disciplinary history, including the seriousness and number of previous infractions
4. The appropriateness and availability of an alternative education placement or program
5. The student's age and grade level
6. The results of any mental health, substance abuse, or special education assessments
7. The student's attendance and academic records
8. Such other matters as deemed to be appropriate

If the decision of the three-member committee to uphold the expulsion is unanimous, there is no right of appeal. If, however, the decision of the committee is not unanimous, the student and parent/guardian may appeal the decision to the full board.

When a student is expelled, written notice of the expulsion shall be sent in accordance with State Code §22.1-277.06. The superintendent or her designee shall establish a schedule by which pupils who have been expelled may apply and reapply for readmission to school.

Student discipline; long-term suspension. Reduces the maximum length of a long-term suspension from 364 calendar days to 45 school days. The bill permits a long-term suspension to extend beyond a 45-school-day period, not to exceed 364 calendar days, if (i) the offense involves weapons, drugs, or serious bodily injury or (ii) the School Board or division superintendent or his designee finds that aggravating circumstances exist, as defined by the Department of Education. The bill requires the Department of Education's definition of aggravating circumstances to include consideration of a student's disciplinary history.

EXPULSIONS FOR WEAPONS-RELATED OFFENSES

Any student determined to be in possession of or to have brought any prohibited weapon onto school property or to a school-sponsored activity shall be expelled for a period of not less than one year (365 days). However, the School Board may determine, based on the facts of a particular case that special circumstances exist, and another disciplinary action or term of expulsion is appropriate. The division superintendent may conduct a review in such cases to determine whether a disciplinary action other than expulsion is appropriate and recommend that action to the School Board for final determination.

EXPULSIONS FOR DRUG-RELATED OFFENSES

Any student determined to have distributed or manufactured a controlled substance including anabolic steroids or prescription drugs, an imitation controlled drug, or other prohibited substance on school property or at a school-sponsored activity shall be expelled for a period of no less than one year. However, the School Board may determine, based on the facts of a particular case, that special circumstances exist, and another disciplinary action or term of expulsion is appropriate. The division superintendent may conduct a review in such cases to determine whether a disciplinary action other than expulsion is appropriate and recommend that action to the school board for final determination.

SUSPENSIONS OR EXPULSIONS OF STUDENTS WITH DISABILITIES

See Appendix A.

ADMISSION OF STUDENTS SUSPENDED OR EXPELLED FROM ANOTHER SCHOOL DIVISION OR A PRIVATE SCHOOL

A student who has been expelled or suspended for more than 30 days from attendance at school by a School Board or a private school, or for whom admission has been withdrawn by a private school, may be excluded from attendance for no more than one calendar year in the case of expulsion or withdrawal of admission, and in the case of suspension of more than 30 days, for no longer than the duration of such suspension. The school shall provide written notice to the student and his or her parent of the reasons for such possible exclusion and of the right to a hearing conducted by the division superintendent. The student may not attend school until a review of the case is conducted by the division superintendent. Exclusion shall be imposed upon a finding that the student presents a danger to the other students or staff members of the school division. The decision to exclude the student shall be final unless altered by the School Board after a timely written petition. Upon the expiration of the exclusion, the student may petition the division superintendent for admission.

REVIEW AND REVISION OF STUDENT CONDUCT POLICY GUIDELINES

An annual evaluation of the Standards of Student Conduct will be conducted within a month of the close of school. Revision, if necessary, will be completed prior to the opening of the next school year.

DISTRIBUTION OF STUDENT CONDUCT POLICY GUIDELINES

A copy of the Standards of Student Conduct will be issued to all students within one month of the opening of school. All transfer students will be issued a copy of the Standards as a part of the registration process.

Principals will stress to all students that compliance with the Standards is mandatory. The "Acknowledgment of Parent Responsibility" form must be signed by the parent or guardian and returned to the school.

Each year, during the first week of school, all students will be provided a period of instruction on the contents of the Standards of Student Conduct. This instruction will be followed by an assessment appropriate to the student's grade level.

STANDARDS OF STUDENT CONDUCT

Standards of student conduct apply to all students under the jurisdiction of a School Board. Disciplinary action will be determined based on the facts of each incident in the reasonable discretion of the School Board and other appropriate school officials.

Students are subject to corrective disciplinary action for misconduct that occurs:

- in school or on school property

- on a school vehicle
- while participating in or attending any school sponsored activity or trip
- on the way to and from school (including bus stop) and
- off-school property, when the acts lead to (1) an adjudication of delinquency or a conviction for an offense listed in § 16.1-305.1. of the Code of Virginia (unlawful purchase, possession or use of a weapon, homicide, felonious assault and bodily wounding, criminal sexual assault, manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances or marijuana, arson, and related crimes, and burglary and related offenses), criminal street gang activity or recruitment for such activity, or (2) a charge that would be a felony if committed by an adult.

RANGE OF CORRECTIVE DISCIPLINARY ACTIONS

The options and alternatives for corrective disciplinary action may range from admonition to mandatory expulsion and may include but not be limited to the following:

- Admonition and counseling
- Parent/pupil conference
- Modification of student classroom assignment or schedule
- Student behavior contract
- Referral to student support services
- After-school or in-school detention
- Suspension of student privileges for a specified period
- Removal from class
- Initiation of child study process
- Referral to in-school intervention, mediation, or community service programs
- Short-term suspension
- Long-term suspension
- Recommendation for expulsion
- Mandatory expulsion

DIFFERENTIATION OF SANCTIONS BY GRADE LEVEL

Options for corrective disciplinary action for misconduct may be differentiated by grade level.

OTHER DISCIPLINARY CONSEQUENCES

The School Board allows a student who has been suspended to complete academic assignments during the period of suspension in accordance with conditions established by the School Board. School Board policy may provide for ongoing consequences after a student returns to school following suspension or expulsion including, but not limited to, probationary status requiring satisfactory performance and conduct, limitations of privileges, community service, or restitution.

REPORTING OF CERTAIN OFFENSES

§ 22.1-279.3:1.D. of the Code of Virginia requires that principals immediately report to the local law-enforcement agency any act enumerated in clauses (ii) through (vii) of §22.1-279.3:1.A. that may constitute a criminal offense. A principal may report to the local law-enforcement agency any incident described in clause (i) of subsection A. When there is injury, or the battery is against school personnel, reporting is mandatory.

§ 22.1-279.3:1.A. of the Code of Virginia lists offenses as follows:

- i. The assault or assault and battery, without bodily injury, of any person on a school bus, on school property, or at a school-sponsored activity;
- ii. The assault and battery which that results in bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, or stalking of any person as described § 18.2-60.3, in on a school bus, on school property, or at a school sponsored activity;
- iii. Any conduct involving alcohol, marijuana, a controlled substance, imitation controlled

- substance, or an anabolic steroid on a school bus, on school property, or at a school sponsored activity, including the theft or attempted theft of student prescription medications;
- iv. Any threats against school personnel while on a school bus, on school property or at a school-sponsored activity;
 - v. The illegal carrying of a firearm, as defined in § 22.1-277.07, onto school property;

Any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in § 18.2-85, or explosive or incendiary devices, as defined in § 18.2-433.1, or chemical bombs, as described in § 18.2-87.1, on a school bus, on school property, or at a school-sponsored activity;
 - vii. Any threats or false threats to bomb, as described in § 18.2-83, made against school personnel or involving school property or school buses; or
 - viii. The arrest of any student for an incident occurring on a school bus, on school property, or at a school-sponsored activity, including the charge, therefore.

The principal or designee must also notify the parent of any student involved in the incidents listed above, as well as incidents committed by students enrolled at the school if the offense would be a felony if committed by an adult, regardless of where the offense is committed, or would be a violation of the Drug Control Act if it occurs on a school bus, school property, or at a school sponsored activity [§ 22.1-279.3:1(B) and (C)]. Section 22.1-279.3:1.D. requires that principals notify parents that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

Whenever a student commits a reportable incident named in the Code, the student shall be required to participate in prevention and intervention activities as determined appropriate by the superintendent or designee (§ 22.1-279.3:1(C)).

APPENDIX C: CONSIDERATIONS FOR DISCIPLINING STUDENTS WITH DISABILITIES

Students with disabilities, who violate the student code of conduct, or engage in conduct for which they may be disciplined, will be disciplined in accordance with this policy. Additionally, the regular disciplinary procedures must be followed. School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability as a result of discipline.

I. Long-Term Suspensions, Expulsions, or Short-Term Suspensions Which Constitute a Pattern -- Change in Placement

For the purpose of removing students with disabilities from their current educational placements, a change in placement occurs when:

1. the removal is for more than 10 consecutive school days at a time; or
2. there is a series of removals each of which is for 10 days or less and they cumulate to more than 10 days in a school year and constitute a pattern because of:
 - a. the length of each removal,
 - b. the proximity of the removals, and
 - c. the total time the student is removed.

If the disciplinary action will result in a change of placement for a student with a disability, then that student's parents must be sent notice that same day of the recommendation for discipline and be provided with a copy of the procedural safeguards. The procedures outlined in Section IV must also be followed.

II. Short-Term Suspension

A short-term suspension is a suspension of 10 consecutive days or less at a time.

School authorities may remove a student with a disability from his or her current educational setting for up to 10 school days cumulative in a school year to the extent that such removal would be applied to students without disabilities and for additional short-term suspensions provided no pattern exists.

III. Functional Behavior Assessments (FBAs) and Behavior Intervention Plans (BIPs)

If the school administration, the parent, and the relevant Individualized Education Program (IEP) team members determine that a manifestation exists, the IEP team must:

- conduct a Functional Behavioral Assessment (FBA) and implement a Behavioral Intervention Plan (BIP), if no FBA was conducted previously; or,
- if the student already has a FBA and BIP in place, review and modify the BIP, as necessary to address the behavior.

If a manifestation is found, the school division and the parent may agree to a change in placement when reviewing or modifying the BIP. Without this agreement, the student must return to the placement from which the student was removed.

IV. Educational Services While Disciplined

For the first 10 days of removal in a school year, the School Board is not required to provide educational services to the student with a disability if services are not provided to students without disabilities who have been similarly removed.

After the first 10 days of removal in a school year, the School Board shall provide educational services to the student during the period of removal. The services must enable the student to:

1. continue to progress in the general curriculum, although in another setting, and
2. progress toward meeting the goals set out in the student's IEP.

The determination of educational services is made by the IEP team for discipline which constitutes a change in placement. For discipline, which is not a change in placement, the determination is made by school personnel in consultation with the student's special education teacher.

V. Manifestation Determination

When a disciplinary action is proposed that will result in a change of placement, a manifestation determination review shall be conducted within 10 school days after the date on which the decision to take disciplinary action is made. This review shall be conducted by the Manifestation Team which consists of a local educational agency representative, the parent, and relevant members of the IEP team (as determined by the parent and the school division).

The Manifestation Team may determine that the behavior of the student was not a manifestation of such child's disability only if the Team:

1. considers all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information supplied by the parents; and
2. determines that:
 - a. the conduct in question was not caused by, or had a direct and substantial relationship to, the student's disability; and
 - b. the conduct in question was not the direct result of the school division's failure to implement the IEP.

If a manifestation is found, the student cannot be disciplined beyond any permissible short-term removal that may be available. A parent may request an expedited due process hearing if the parent disagrees with the determination that the behavior was not a manifestation of the student's disability or if the parent disagrees with any decision regarding the placement of the student while disciplined. The student will remain in the interim alternative education setting pending the decision of the hearing officer or the expiration of a forty-five school day removal.

VI. Disciplinary Action for Behavior that is Determined Not to be a Manifestation

If the behavior is not a manifestation of the student's disability, the disciplinary procedures will be applied in the same manner as applied to non-disabled students. Following a removal that constitutes a change in placement, the student must continue to receive the educational services necessary to enable the student to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. In addition, the special education and disciplinary records of the student must be made available to the person who makes the final decision regarding the discipline.

VII. Disciplinary Action and/or Alternative Placement for Behavior That Is Determined To Be a Manifestation. A student with a disability whose behavior is determined to be a manifestation of his or her disability may not be disciplined except to the extent a removal is otherwise. The student may also be removed to a more restrictive placement by following change in placement procedures. The IEP team must conduct or review a FBA and/or BIP as provided in Section III.

VIII. Interim Alternative Educational Settings for Weapons and Drugs and Infliction of Serious Bodily Injury

Students with disabilities 1) who carry or possess a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a state or local educational agency; 2) who knowingly possess or use illegal drugs or sell or solicit the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency; or 3) who inflict serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of

a state or local educational agency may be disciplined pursuant to Policies JFCD, JFCF or JGDB and may be placed in an interim alternative educational setting for up to forty-five school days. This option is available without regard to whether a manifestation exists. If no manifestation is found, the student may be disciplined to the extent a student without disabilities would be disciplined.

Any interim alternative educational setting shall be selected, by the IEP team, so as to enable the student to continue to progress in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The student must also receive, as appropriate, a FBA, behavioral intervention services and modifications designed to address the behavior so it does not recur.

IX. Change of Placement by Hearing Officer

In addition to the other options for removal, a hearing officer may order a change in the placement for a student with a disability to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the hearing officer determines that maintaining the current placement of such student is substantially likely to result in injury to the student or others. Additional forty-five (45) school day removals may be authorized by the hearing officer as necessary.

X. Placement During Appeals

Students with disabilities are entitled to the due process rights available to a non-disabled student. In addition, students with disabilities are entitled to the due process procedures available under the Individuals with Disabilities Education Act, as amended and any state procedures. During the course of any appeals, the student's placement shall be in accordance with the provisions of federal law unless the parent and the school division agree otherwise.

XI. Students Not Identified as Disabled

Students for whom the parents assert there is a disability but who have not yet been identified as disabled may be subjected to the same measures applied to students without disabilities if the school division did not have knowledge of the disability before the behavior that precipitated the disciplinary action occurred. A school division will be found to have knowledge of the student's disability if before the behavior that precipitated the disciplinary action occurred:

1. the parent expressed concern in writing to supervisory or administrative personnel of the school division, or to a teacher of the student, that the student is in need of special education and related services; or
2. the parent requested an evaluation of the student for special education eligibility through formal evaluation procedures; or
3. the student's teacher or other school personnel had expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education or to other supervisory personnel of the school division.

A school division would not be found to have knowledge of a student's disability if:

1. the parents refused to allow an evaluation of the student or refused special education services; or
2. the student was evaluated and found not eligible for special education services.

If a request for an evaluation is made during the period such a student is subject to disciplinary measures, the evaluation shall be conducted in an expedited manner. If the student is found eligible as a child with a disability, taking into consideration information from the evaluation conducted by the school division and information provided by the parents, then the student must be provided special education and related services, although in another setting, in compliance with the procedures for suspended and expelled students with disabilities.

Pending the results of the evaluation, the student shall remain in the educational placement determined by the school authorities.

XII. Disciplining Certain Section 504 Students Who Violate Alcohol and Drug Policies

Students who are identified as disabled solely under Section 504 of the Rehabilitation Act, and who are currently engaging in the illegal use of drugs or alcohol, may be disciplined for violating the division's alcohol and drug policies to the same extent as non-disabled students. The student is not entitled to a due process hearing under special education procedures in this circumstance but does retain the protections afforded to regular education students.

DISCIPLINE OF STUDENTS WITH DISABILITIES FOR INFLICTION OF SERIOUS BODILY INJURY

A student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. If no manifestation is found, the student may be disciplined to the extent that a student without disabilities would be disciplined.

APPENDIX D: SCHOOL TRANSPORT GUIDELINES

Southampton County Public Schools is committed to providing a safe bus transportation system. To that end, these rules and regulations are provided to you and your child to assist us in maintaining safe school buses. Please be reminded that riding the school bus is a privilege.

MEETING THE BUS

- If the student must cross the street to board the bus, cross only in front of the bus, NEVER BEHIND IT. The driver will flash the red signal light prior to the bus coming to a complete stop. Students should not cross until they have been directed to do so by the BUS DRIVER and they have checked to make sure all traffic has stopped. Students should be aware the driver must see them at all times when near the bus. WALK, NEVER RUN to the bus.
- Stand on the edge of your roadway away from traffic lanes and do not run on the property of neighbors. Respect their property rights.
- Always walk on the left when facing the bus stop.
- Be at the bus stop five minutes before the regular pick up time. The driver is not permitted to wait for late students.
- Never push or shove fellow students when loading the bus.
- Parents are requested to accompany their young children to and from the bus stop.

While on the bus, pupils must:

- Take a seat without crowding or pushing and remain seated while the bus is in motion.
- Not extend arms, legs, or head out of the bus or windows.
- Not talk to driver while bus is in motion except in an emergency; must not tamper with doors or other bus or other bus equipment.
- Not fight, scuffle, or throw objects from the windows.
- Not place books in the aisles of the bus.
- Not engage in unnecessarily loud talking or laughter on the bus.
- No use of profane or indecent language.
- No use of tobacco of any kind on the bus.
- Obey the driver promptly.
- Use the same bus regularly.

LEAVING THE BUS

- Remain seated until the bus comes to a full stop.
- Leave the bus in an orderly manner, allowing pupils in front seats off first.
- After leaving, move quickly away from the bus stop to a safe location.
- Leave bus at regular stop unless requested in writing by parent for a different stop and approved by the principal of the school.
- If pupil has to cross the highway, do so only in front of the bus and after the driver has signaled that is safe to cross.
- Throwing an object of any type at the school bus is not permitted.

OTHER CONSIDERATIONS

- Additional bus stop locations cannot be established without permission from transportation.
- All bus and school rules apply to the bus stop.
- Please note that bus riding is a privilege and may be revoked for any length of time or permanently if deemed appropriate.
- Parents and students will be required to sign a Bus Conduct Form, which will outline these rules. Failure to return this form could result in the student's bus riding privileges being revoked until the form is returned.
- Please be reminded that all school rules outlined in the Code of Conduct apply to the bus.
