Name:_____

First, find the place value that you are rounding to. Then, look at the number immediately to the right.

If the number to the right is 5 or more, increase the place value number by one and make the remaining numbers to the right zeros.   **16 becomes 20**

If the number to the right is 4 or less, keep the place value number the same and make the remaining numbers to the right zeros.   **14 becomes 10**

5 or more, let it soar!

4 or less, let it rest!

Round to the nearest 10.

A. 54 = almost ___50___   91 = almost _____   64 = almost _____

B. 69 = almost _____   82 = almost _____   88 = almost _____

C. 33 = almost _____   28 = almost _____   37 = almost _____

D. 76 = almost _____   45 = almost _____   99 = almost _____

Round to the nearest 100.

E. 652 = almost ___700___   481 = almost _____   522 = almost _____

F. 320 = almost _____   768 = almost _____   149 = almost _____

G. 805 = almost _____   916 = almost _____   674 = almost _____

H. 163 = almost _____   290 = almost _____   358 = almost _____

Round to the nearest 1,000.

I. 5,263 = almost ___5,000___   2,981 = almost _____   9,237 = almost _____

J. 7,891 = almost _____   3,496 = almost _____   5,509 = almost _____

K. 1,026 = almost _____   8,804 = almost _____   6,112 = almost _____

L. 6,549 = almost _____   4,175 = almost _____   2,466 = almost _____

Name: _____

Rounding Rocket Ships

Round the numbers to the nearest ten. Draw a line from each rocket to the correct planet.
