## The Snow Leopard

The Himalayan Mountains in Asia are the highest in the world. In the fall of 1973, Peter Matthiessen walked into those mountains looking for a rare animal. Later, he wrote a book called *The Snow Leopard* about his trip.

Almost thirty years later, Ashley Spearing walked into the same snow-covered mountains. She, too, was searching for a snow leopard. But Spearing wasn't a writer. She came to get photographs.
