

SCPS will offer the PSAT (Preliminary Scholastic Aptitude Test) at no cost to all 10th and 11th grade students. The PSAT test can identify their strengths and weaknesses in their preparation for college readiness. Some who might not even be considering college can learn that they are better prepared than they thought. The test enables counselors to better guide students. Results can help students secure scholarships and recognition, and provide an early start on the admission. The PSAT is given at Southampton High School on October 15, 2014. Please encourage your child to do their very best and to take the test seriously.
