Sweet Potato Fries

Choose one:
Fresh Apple

Choice of Cold

CHEW ON THIS.

Apples help lower blood sugar and reduce the amount of fat in your blood. Plus, apples have recently been shown to improve digestion and digestive health. But be sure to eat the actual fruit -- applesauce and apple juice don't provide the same benefits.

EAT BETTER. PLAY HARDER. LIVE HEALTHIER. LEARN EASIER.
WELLNESS IS A WAY OF LIFE!

One item's been on our menu since 1946.

Education. That's what we've been serving for nearly 70 years. The National School Lunch Program began after World War II to make sure America's youth would be physically ready to defend our country. And we're still all about helping to get your kids ready -- ready to learn and ready to live healthy lives. That's why our local program has made significant changes over the last several years, like offering more fruits, vegetables, and whole grains. And that's why we'll continue to do whatever it takes to make sure that we serve education every day.

Breakfast

\$1.00

Lunch

\$2.10 Sec.

Peaches

Fiber is just as important for kids as it is for adults. The best sources are the foods we're usually told to eat more of: whole-grains, fresh fruits, and vegetables. When the entire family eats whole grain bread, kids get in the habit of eating fiber at an early age. And a bowl of berries or a bunch of bananas on the kitchen counter makes reaching for fiber easier!

A TASTY MORSEL FOR PARENTS
