

Accordion Fact Book

What you'll need:

9-by-18-inch sheet of white construction paper, colored pencils or markers, tape

Steps:

- 1 Choose a character from your book.
- 2 Fold the construction paper in half the long way. Cut it along the fold. 
- 3 Tape the two halves together along the short ends creating one long sheet. 
- 4 Make an accordion book by folding the paper to the right about one-sixth of the way. Then, take that sixth and fold it back one-sixth of the way. Continue folding until you have reached the end. You should have six sections on each side of your paper. 
- 5 Find ten important facts in your nonfiction book. Write the facts on a sheet of lined paper.
- 6 On the first section, write the title and author of your book. Then add an illustration related to some aspect of your book.
- 7 On the remaining pages, write each of your facts. Create an illustration to go with each of the facts.
- 8 When you run out of room on the front, turn your paper over.
- 9 For the last section of the accordion book, write a conclusion about the facts you've collected. If you have room, draw a picture.

Grading Criteria

Ten facts	35 points
Followed directions	5 points
Mechanics	5 points
Neat/colorful	5 points
	<hr/> 50 points
