

Mrs. Charisse Cooper

February 2023 SHS Teacher of the Month

Southampton High School is excited to announce Mrs. Charisse Cooper as our February 2023 Teacher of the Month. She teaches Entrepreneurship, Economics & Personal Finance, and a new program called Virginia Teachers for Tomorrow in the CTE Department. She also serves as the SHS Sponsor for both National Honor Society (NHS) and Future Business Leaders of America (FBLA).

One highlight from Mrs. Cooper's first semester Entrepreneurship class, is where students created a Business Plan from start to finish and the end results were exceptional! A senior in the class had one of the top plans focused on a Bridal Boutique. The details and the designs came together to create a professional presentation that she could put in their portfolio.

Mrs. Cooper has a Bachelors from Old Dominion University and Masters from Liberty University. Outside of school she is a loving mother and wife. She believes that smiling is contagious...a smile can change your mood and the mood of others!
